

Broads Authority Open Morning

Saturday 13 May, 10am - 2pm
Whitlingham Country Park, Norwich

Come along to find out how we look after the Broads and take part in some fun activities.

Stands will include information on conservation, land management, our environment maintenance, planning, climate change, volunteers and education. There will also be pond dipping, badge making and other activities, and a chance to chat to members and officers, including our rangers.

The Chief Executive, John Packman, will be giving a presentation on the work of the Authority at 11am.

There will be an opportunity to ask questions after the presentation. RSVPs are not required, just turn up on the day from 10am. We look forward to seeing you. Tea, coffee, cold drinks and cake will be provided. The Authority's annual open morning is part of the Broads Outdoors Festival.
